

Letter of Recommendation

It is with great pleasure that I write this letter of recommendation for Naufal Ahmad Fauzan, who completed his internship program at the Forestry Department (Dinas Kehutanan) of Lampung Province under my supervision from July 15, 2025 to August 15, 2025. During his internship, he demonstrated outstanding technical skills, strong work ethics, and an excellent attitude toward learning and teamwork.

Throughout the internship, Naufal served as a **Backend Developer**, primarily focusing on the development of a web-based system called SITANIHUT (Sistem Informasi Pertanian dan Kehutanan). Using **Laravel** as the main framework, he successfully designed, implemented, and maintained various backend functionalities that improved data management efficiency within the department. His ability to understand complex technical requirements and translate them into functional and secure backend solutions was commendable.

In addition to his technical expertise, Naufal consistently showed professionalism, responsibility, and a high level of commitment. He worked diligently on every assigned task, often exceeding expectations in both quality and timeliness. Moreover, he collaborated effectively with other team members, demonstrating excellent communication and problem-solving skills.

His positive attitude, eagerness to learn, and genuine passion for software development made him a valuable member of our team. I am confident that these qualities, combined with his technical knowledge, will make him a strong asset in any organization he chooses to join.

I wholeheartedly recommend Naufal Ahmad Fauzan for any professional opportunity in the field of information technology or software development. Please feel free to contact me on whatsapp (+62 821 8022 8516) if you require any further information regarding his internship or performance.

Bandar Lampung, 09 October 2025
